

Guidance Note 2: Incomplete installations

ATTENTION TO ALL WIREMEN

The MRA is receiving complaints from the Enemalta Corporation about wiremen who are submitting application forms for the connection of electricity service for incomplete installations.

The attention of all wiremen is being drawn that an electrical installation must be completed in all respects before submitting an application to Enemalta. It is pointed out that when submitting an application, wiremen are endorsing that the installation is completed and tested according to the Electricity Supply Regulations. Failure to abide by the above procedure amounts to a false declaration.

Further more wiremen who submit applications for an electricity service without having completed and duly tested on completion the relevant electrical installation according to the Electricity Supply Regulations are in breach of the said regulations.

The MRA therefore reserves the right to take further action as permitted under the MRA Act and other legislation against licensed wiremen who have committed this malpractice.

Disclaimer:

These guidelines do not supersede the Electricity Supply Regulations and/or the I.E.E. Regulations (BS 7671) and their subsequent amendments. The Malta Resources Authority does not assume any liability to any person for any loss or damage caused by way of error or omission whether this has occurred through

Nota Gwida Numru 2: Installazzjonijiet mhux kompluti

AVVIŻ LIL KULL 'WIREMAN'

L-Awtorita` ta' Malta dwar ir-Riżorsi qed tirċievi ilmenti mingħand il-Korporazzjoni Enemalta rigward dawk il-'wireman' li qed jissottomettu formoli t'applikazzjoni sabiex jiġi mqabba servizz ta' elettriku, meta fil-fatt l-installazzjonijiet għadhom mhux kompluti.

Għalhekk, nixtieq niġbed l-attenzjoni kull 'wireman' illi, l-installazzjoni ta' l-elettriku trid tkun kompluta minn kull att qabel ma tiġi sottomessa l-applikazzjoni għas-servizz ta' l-elettriku lill-Enemalta. Importanti li wieħed jinnota illi, meta l-'wireman' jissottometti l-applikazzjoni tiegħu, dan ifisser illi l-installazzjoni hija kompluta u ttestjata skond ma jipprovdu r-Regolamenti dwar il-Provvista ta' l-Elettriku. Nuqqas fil-konformita ta' din il-proċedura iwassal għal dikjarazzjoni falza.

Barra minnhekk, dawk il-'wiremen' li jissottomettu l-applikazzjonijiet għall-servizz ta' elettriku mingħajr ma l-installazzjoni ta' l-elettrika rilevanti tkun kompluta u ttestjata kif suppost u dan skond ma jipprovdu r-Regolamenti dwar il-Provvista ta' l-Elettriku, dawn ikunu qed jiksru tali regolamenti.

L-Awtorita` ta' Malta dwar ir-Riżorsi, għalhekk tiriserva d-dritt li jittieñdu proċeduri ulterjuri skond ma jipprovdi l-Att ta' l-MRA, kif ukoll leg-islazzjonijiet oħra, kontra dawk il-'wiremen' illi jkunu jwettqu din il-prattika mhix korretta.

Dikjarazzjoni:

Dawn il-linji gwida ma jissuperawx ir-Regolamenti ta' l-I.E.E. dwar il-Wiring (BS 7671) u l-emendi sussegwenti ta' dawn ir-regolamenti. L-Awtorita` ta' Malta dwar ir-Riżorsi (MRA) mhix responsabbli fil-konfront ta' kwalunkwe persuna għal xi telf jew ħsara kkaġunata lil tali persuna minhabba xi żball jew xi nuqqas kemm jekk dan iseħħ minhabba negligenza jew minhabba xi raguni oħra.
