STQARRIJA MAHRUĠA MILL-AWTORITÀ TA' MALTA DWAR IR-RIŻORSI

Sakemm jinħareġ avviż ieħor l-iskema li tincentiva l-investment f'pannelli fotovoltajċi għal użu domestiku li kienet ippjanata li tiftah fl-aħħar ta' Ġunju, wara li nġhalqet f'April 2010, mhux se tiftah.

Dan qed isir sakemm ikunu investigati l-irregolaritajiet kollha li kienu nstabu fl-applikazzjonijiet li kienu ddaħhlu taħt l-ewwel sejha li kienet infetħet fi Frar li għadda.

L-Awtorità ta' Malta dwar ir-Riżorsi tixtieq tiskuża ruħha għal kull inkonvenjent li dan jista' johloq.

PRESS RELEASE ISSUED BY THE MALTA RESOURCES AUTHORITY

Until further notice, the scheme giving a grant on the purchase of photovoltaic systems for domestic use, due to open at the end of June, after it was stopped in April 2010, will not open.

The scheme will remain closed until all irregularities found in the applications submitted in February are investigated.

The Malta Resources Authority would like to convey its apologies for any inconvenience this might cause.
