**TENDER FOR THE SUPPLY OF GROUNDWATER LEVEL MONITORING PROBES/EQUIPMENT FOR THE MORISO PROJECT**

**Clarification Note 3:**

**Question:** The tender document requests the submission of a single quotation for all the listed items. On the other hand, pages 27 and 28 of the tender document makes reference to three Lots.

**Reply:** All items should be considered as a single lot (Lot 1). Hence, reference to Lots 2 and 3 on pages 27 and 28 of the tender document is not applicable to this particular call for tenders.
