To whom it may concern:

**Question 1:** With reference to the above tender, can you please quantify the number of expected site visits in Gozo and if there will be any particular restriction on the dates of visiting these?

**Answer 1:** The exact number of site inspections in Gozo is not yet known. This will be determined once the sample is selected. However, by way of indication, around 40% of the inspections will be in Gozo. Also, there are no restrictions as to when the inspections are to be carried out, as long as these are performed within contract timeframes.
