NOTE: MORATORIUM ON BOREHOLE DRILLING

In accordance with Regulation 6 (1) of the Borehole Drilling and Excavation Works in the Saturated Zone Regulations, 2008, the Authority is not accepting or processing any application for the drilling of any borehole or excavation works to be carried out within the saturated zone and the Authority shall not issue any permit for such purposes, except for the following:

- (a) any borehole constructed for the purposes of the installation of an earth electrode within the saturated zone;
- (b) any borehole constructed for site investigation purposes within the saturated zone;
- (c) any borehole or excavation works carried out for the purposes of the construction of foundations to buildings or for the purposes of other engineering works, and where such borehole or excavation works lie partly or totally within the saturated zone;
- (d) any seawell subject to the conditions of Regulations 6(3), 6(4) and 6(5).
- (e) any borehole drilled in replacement of an irretrievably collapsed borehole subject to conditions stipulated in Regulations 6(2)(e)

The application is to be completed by the person who will have the effective use of the borehole, not the driller.
