MRA/3/2013 Call for Quotations for the provision of Field Colorimeter for Basic Groundwater Analysis for the MORISO Project

Question 1: With reference to the above mentioned call for quotations, as regards:

Clause 4.1.2. Power Management – operates with standard batteries,

Will the MRA consider a Lithium ion rechargeable battery (specifications to be included in the offer) as standard batteries given that these are standard with a lot of equipment these days?

Reply: Yes
