Clarification Note 4

12th September 2013

Tender: Acquisition of an underwater remotely operated vehicle (ROV)

Question 1: Please clarify specification 8.5.1 (i). Are these dimensions the maximum allowed or a desired size. If only desired, what is the tolerance above this that will be allowed for the size of the ROV?

Reply: It is noted that the tender document clearly states that the “dimensions of the ROV shall not exceed the following size specifications”. In as much the quoted figures should be considered as ‘maximum allowed’ limits.
